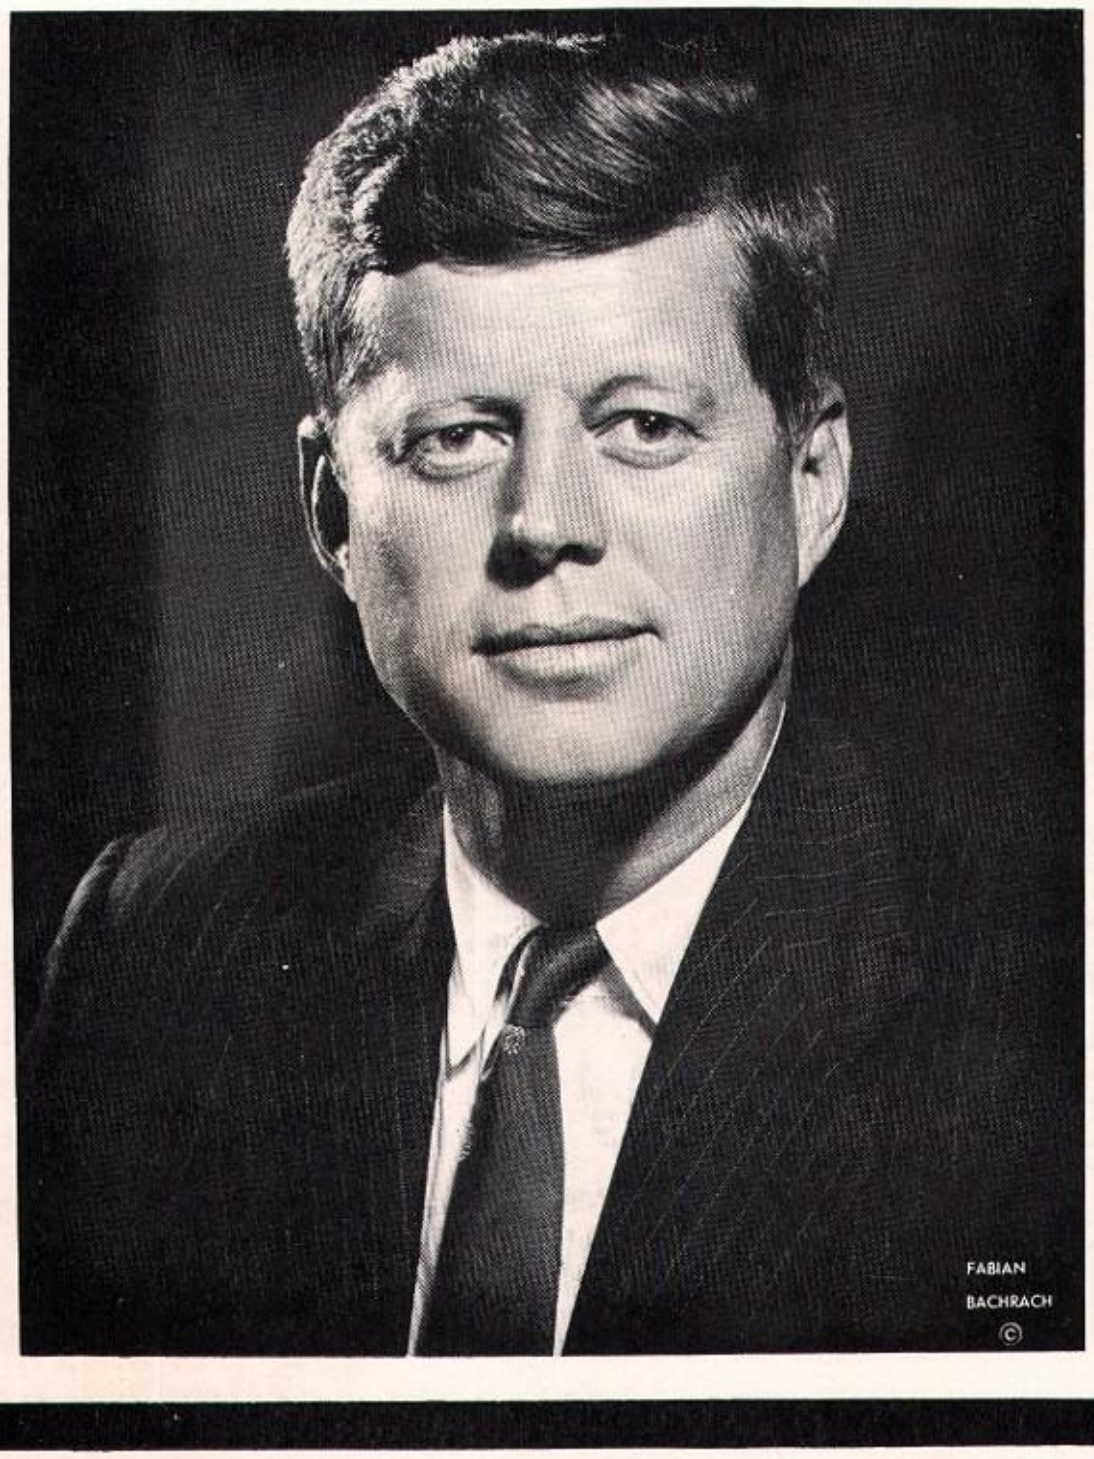
IN MEMORIAM



JOHN F. KENNEDY

"And so, my fellow Americans: ask not what your country can do for you--ask what you can do for your country."

John Fitzgerald Kennedy, our 35th President, was born on May 29, 1917 in Brookline, Massachusetts. At 43 he was the youngest man ever to be elected President of the United States. His life might have been a quiet and indolent one, but instead he chose the path of action and struggle.

For as he said when accepting the nomination for President, "The old ways will not do . . . We stand today on the edge of a NEW FRONTIER. But the new frontier of which I speak is not a set of promises--it is a set of challenges. He was inaugurated January 20, 1961, to start his "new frontier" program.

It must be said, in sorrow and in shame, that the shocking assassination of President John F. Kennedy on November 22, 1963, was a product of our times.

As man may, he fought his fight,
Proved his truth by his endeavor;
Let him sleep in solemn might,
Sleep forever and forever.*

America lost a man of great intellectual gifts, a President of strong courage and of great political imagination.

The students of Van High School, like youth all over our land, lament the loss of one who embodied the spirit of adventure, fair play and courage.

HONOR AWARD ASSEMBLY

Senior members of the Hager Chapter of the National Honor Society discussed with Mr. Dean Peters the idea of the honor award assembly at the end of each nine weeks rating period. The sponsor, Mrs. Darlene B. Bradley, suggested that the National Honor Society, sponsor this as one of their yearly projects.

A blue and gold felt honor award pennant was purchased. At the end of each nine weeks period the student's grades are averaged and placed on either the "A" or "B" Honor Lists. The homeroom having the most students percentagewise wins the pennant which is displayed in that homeroom until the next honor award assembly.

The objective towards better scholastic goals and the incentive to work for the homeroom award has proved successful. Along with this, encouragement is given for future National Honor Society membership.

SENIOR CLASS OFFICERS AND SPONSORS:--Sitting, left to right: Vice-President, David Foster; Secretary, Kaye Gibson; Treasurer, Priscilla Drennen; President, Frankie Lucas. Standing, Mr. Underwood, Mr. Holstein, Mrs. Underwood, and Mr. Wilson.

THE MOON... *and beyond!*

Bright, new horizons await today's students . . . new technologies . . . new medicines . . . even the moon and whatever lies beyond.

How far today's students go in this space age depends partly on their imagination but primarily on their training. Conquering new horizons will demand more of today's graduates — more knowledge, more skills, more training and more specialization.

Our Free Enterprise system, with its high living standards, gives everyone an opportunity to "shoot for the moon" in any field. Whether or not our target is reached depends on how well trained we are to launch ourselves.

We hope that the attempt to portray our theme THE SOUND OF MUSIC will meet with your approval, bring a few chuckles and fond memories of those events which might have been special in your school life this year.

We wish to express our sincere gratitude to all who have given extra assistance, especially Gary Jarrell for his poem, and Paul D. Abbott for illustrating this page.

At times it has been a little difficult with Miss Thompson correcting mistakes and driving us to meet the printers dead lines, but all in all putting this book together has been a rewarding task.
